

## FACES2 ALARM

# NEXT-GENERATION ALARM CONTROL

Disarm alarms through secure credential-based authentication and manage arming, status, and alerts remotely from any web or mobile device. FACES2 Alarm gives organizations centralized, multi-site oversight with instant notifications, real-time visibility, and smarter control over alarm events across high-security facilities.

- ✓ **Integrates with your existing alarm controller.** Retrofit modules connect to your current DSC / Honeywell panels, no costly replacement.

## WHY CHOOSE FACES2 ALARM

### ALARM MODERNIZATION

Modernize legacy alarms without costly panel replacement.

### UNIFIED DASHBOARD

Centralized dashboard for multi-site visibility and control.

### NO-CODE DISARMING

Virtual arm/disarm means no shared keypad code and no one PIN every user must know.

### MOBILE CONTROL

Mobile arm/disarm, status monitoring, and no-code access.

### SEAMLESS INTEGRATION

Works with FACES2 Access, Surveillance, and Incident Reporting.

### AUDIT TRAIL

Full activity log of who armed or disarmed, and when, accountable by user.

# HOW IT WORKS

When a sensor or your existing panel triggers an event, FACES2 pushes instant alerts and can escalate automatically. Authorized users arm and disarm with mobile, badge, or facial recognition, every action logged.

**01**  
**ALARM ARMED**  
System armed via mobile, badge, or facial recognition.

**02**  
**EVENT DETECTED**  
A sensor or your legacy panel triggers an alert.

**03**  
**CLOUD NOTIFICATIONS**  
Push alerts to mobile, dashboard, and central station.

**04**  
**AUTOMATED ESCALATION**  
Triggers linked cameras, access control, or protocols.

## DEVICES & SYSTEMS THAT POWER IT

FACES2 integrates with your existing alarm panels, smart credentials, and our controllers for flexible, secure monitoring.

**F2 SMART CONTROLLER**  
Central hub for alarm signals, analytics, and integration.

**LEGACY RETROFIT MODULE**  
Connects to your existing DSC / Honeywell panels for cloud control.

**MOBILE & WEB APP**  
Arm/disarm, monitor, and manage alarms with live alerts.

**MANAGED MONITORING**  
Optional low-cost add-on for multi-site alerting and reporting.

## SEE HOW WE COMPARE

Unmatched flexibility, integration, and scalability.

	FACES2	ALARM.COM	TELUS / BELL	VERKADA	VIVINT / RING
RETROFIT LEGACY PANELS	✓ Plug-in modules for DSC / Honeywell	Requires new panel	✗	Not retrofit-friendly	DIY focused
MOBILE CONTROL	✓ Arm/disarm & receive alerts	Strong mobile	Limited flexibility	Full app	App only
MULTI-SITE DASHBOARD	✓ Centralized cloud dashboard	Limited to SMB	Restricted	Enterprise-ready	Small-scale
ECOSYSTEM INTEGRATION	✓ Access, Surveillance, Incident Reporting	Limited	✗	Limited	✗
COST EFFICIENCY	✓ Retrofit & optional monitoring	High for small clients	Monthly fees	High cost	Affordable DIY
