

FACES2 HEALTH CONTACTLESS HEALTH SCREENING AT THE DOOR

Combine a guided health questionnaire with a non-contact forehead temperature check, facial recognition, and access control in a single touch-free step. FACES2 Health screens every person before entry, protecting your people while keeping the door moving.

THERMAL & FACIAL SCREENING TERMINAL

WHY CHOOSE FACES2 HEALTH

FOREHEAD TEMPERATURE CHECK

Non-contact forehead reading in under a second, accurate to $\pm 0.3^{\circ}\text{C}$.

TOUCH-FREE & HYGIENIC

Zero physical contact at entry reduces cross-contamination risk.

RECORDS & REPORTING

Time-stamped screening logs for audits and compliance.

MASK & FACE DETECTION

Recognizes individuals and flags missing face coverings instantly.

SCREEN-THEN-UNLOCK ACCESS

Doors open only for cleared, recognized individuals.

ON-SCREEN HEALTH QUESTIONNAIRE

Guided yes/no symptom questions answered before entry is granted.

SCAN TO EXPLORE

As each person approaches, FACES2 Health screens temperature and mask compliance, recognizes the individual, decides entry against your policy, and logs the result, all in one touch-free pass.

A COMPLETE SCREENING TERMINAL

SEE HOW WE COMPARE

One terminal for screening, identity, and access.
